

# DECLARATION

We hereby confirm that our self-developed and self-made **Silktech ballpoint pen refills** are subject to continuous and **regular quality control** during production.

During these testing processes, the refills are subjected to a **weighing test** in which both the **ink flow** and the **typeface are checked and documented**. The **tests of the writing length** carried out with the complete filling content of our self-made refills always **exceed the writing length specified by us**.

**We confirm the indicated writing lengths of our refills as follows:**

Silktech L: 3,000 m

Silktech XL: 5,000 m

Furthermore, we confirm that **our quality refill are document-proof according to the ISO 12757-2 standard**, they meet the **requirements of REACH Regulation 1907/2006/EC** and do **not contain any SVHC substances on the current ECHA list that require labelling**.
